Ashish Wagle

Web Developer

Hello I am Ashish Wagle, I Studied Tribhuvan University's Bsc.CsIT Program with some experience gained through student-centric projects and currently waiting for the results. I was intern at Simle Infotech as a web developer using MERN. I worked on a multi-vendor ecommerce platform as an intern. I Created facial expression analysis system with my group for college final year project. I also designed, developed and hosted personal portfolio website using python Django named 'Ashishwagle.me' where more details about me can be found.
